//TeachStack

//About

I am a Full Stack Developer skilled in Java, Spring Boot, React.js, and modern web technologies, with a strong passion for AI & Data Science. I love building end-to-end applications, solving complex problems, and creating seamless digital experiences.

//Tools

Projects

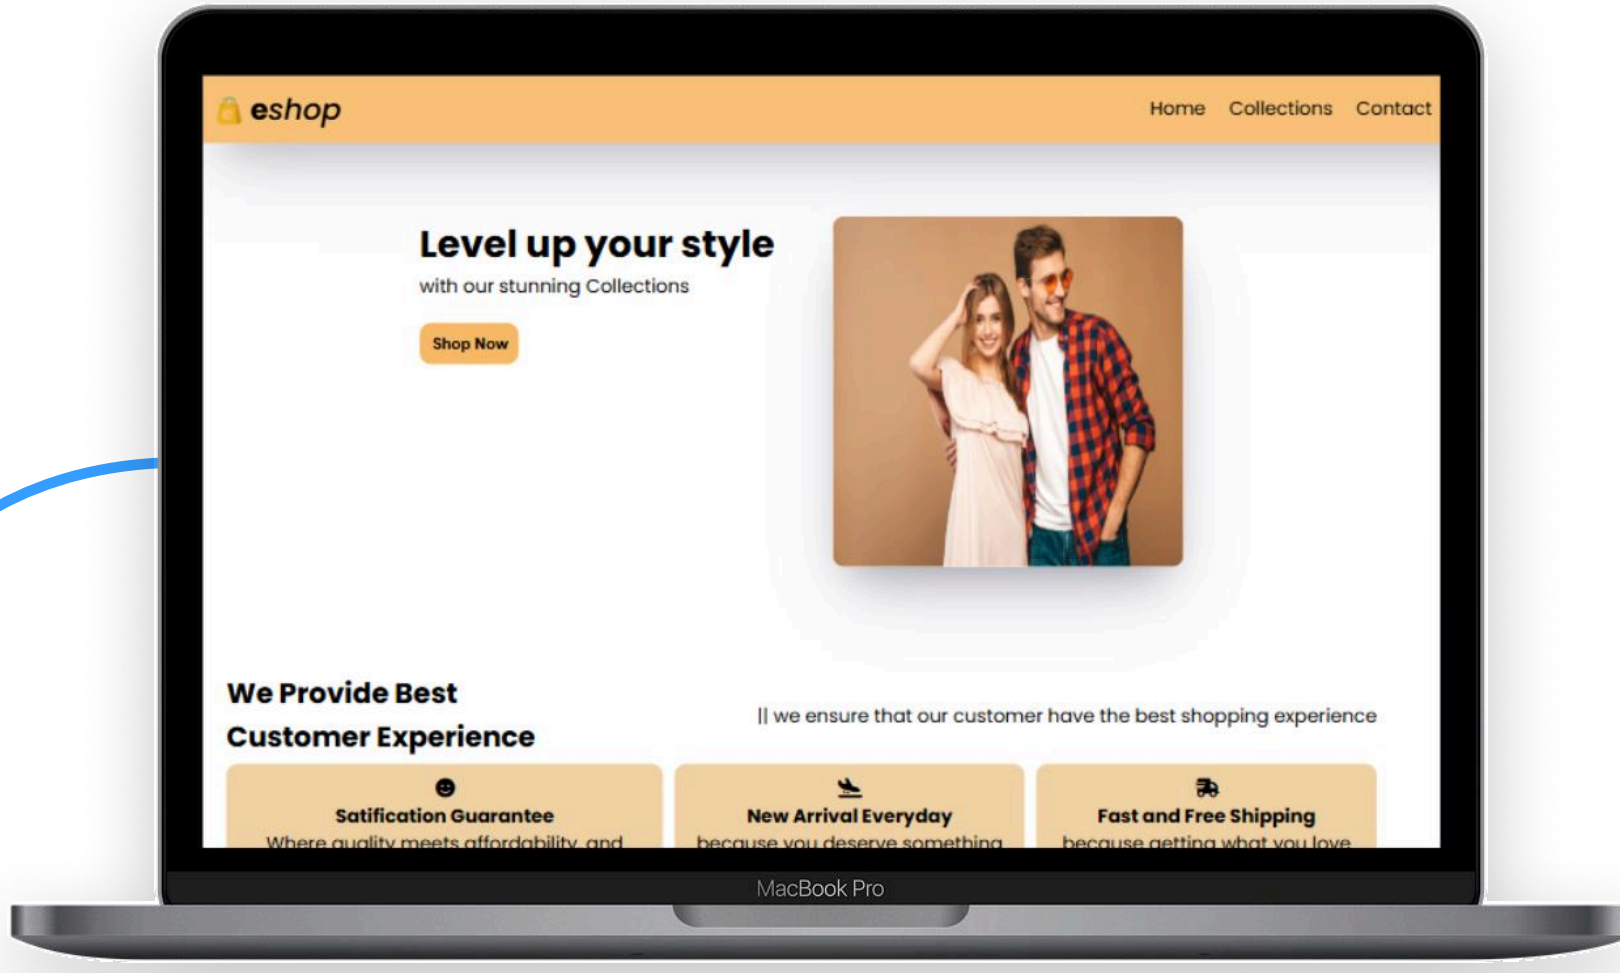

//eShop – E-commerce Platform

Tech Stack: HTML, CSS, JavaScript

- Developed a responsive e-commerce website with a dynamic product catalog and shopping cart functionality.
- Designed an intuitive UI to enhance user experience and optimize product browsing.
- Implemented seamless client-side interactivity for adding and managing cart items.
